Wheatgrass powder

- Wheatgrass is formed from the shoots of young wheat plants
- Wheatgrass is packed with a variety of nutrients, including a wide range of vitamins, minerals and amino acids.
- Chlorophyll accounts for a large proportion of the chemical compounds of wheatgrass
- Wheatgrass (*Triticum aestivum*) is mentioned in Ayurveda, an Indian herbal system of medicine. Ayurveda describes it as immunomodulator, antioxidant, astringent, laxative, diuretic and antibacterial. Wheatgrass is used for the treatment of acidity, colitis, kidney malfunction, swelling wounds and vitiated conditions
- Malaysia is the largest buyer of organic wheatgrass powder followed by Chile and Sweden

Products in the market

The screenshot displays a web browser window with several tabs open: "Wheat Grass Powder -Proces...", "making wheat grass powder", "wheat grass seeds - Yahoo In...", and "Only For Organic hybrid whe...". The address bar shows the URL: https://in.images.search.yahoo.com/search/images;_ylt=AwrxgKDDd0BdlmwAYT67HAX;_ylu=X3oDMTB0N2poMXRwBGNv.... The search results are a grid of images for various wheat grass powder products:

- PINES WHEAT GRASS:** A dark brown bottle with a green label, shown next to a glass of green powder and fresh wheat grass blades.
